11 Sec. 9. (1) The annual regional district meeting shall be held on the first Tuesday in
12 March of each year at 7:30 P.M. beginning with the first Tuesday in March A.D. 1988, at the
13 regional high school or at such other place as the regional school district committee may publicly
14 designate in advance. Special meetings may be called by the regional school district committee in
15 accordance with conditions governing the calling of town meetings generally as prescribed by the

1 laws of this state or by a petition signed by two hundred (200) qualified voters of said district
2 qualified to vote on the question of the imposition of a tax for the expenditure of money in their
3 respective towns when such petition contains the purpose or purposes for which such special
4 meeting is to be called and when such purpose and petition, duly certified by the town clerks of
5 the member towns as to the qualification to vote of the persons signing the petition has been
6 delivered to the clerk of the regional school district committee. All voters qualified in their
7 respective towns to vote at the financial town meeting next preceding the annual or special
8 district meeting shall be eligible to attend and vote at said annual or special regional school
9 district meeting and also all voters qualified to vote in their respective towns and any proposition
10 for the imposition of a tax or for the expenditure of money shall be eligible to attend and vote at
11 any regular or special regional school district meeting, even though such voter was not qualified
12 to vote in the financial meeting next preceding the annual or special district meeting, providing
13 such voter shall be certified as meeting such qualifications by the chairperson of the board of
14 canvassers and registration of the town of which such voter claims he has the said right to vote
15 and for which such latter purpose the chairperson of the board of canvassers and registration or
16 the majority of the board of canvassers and registration of the said member towns shall be present
17 at all meetings of the Chariho district to consider the application of such voters demanding the
18 right to vote at any meeting of the Chariho Regional School District.

19 (2) The regional school district meeting shall determine the annual regional school
20 budgets as to overall amount.

21 (3) The moderator of the regional school district meeting beginning with the annual
22 meeting of said district held in the year 1971, shall be duty elected or appointed moderator of one
23 of the member towns, alternating each year beginning with the moderator from the town of
24 Charlestown and the next year the moderator from the town of Hopkinton and the next year from
25 the town of Richmond, and so on consecutively alternating in that order and manner, and in case
26 of special meetings of said district the moderator for the annual meeting of the year in which the
27 special meeting shall be held, shall be the same moderator as the moderator who presided at the
28 annual meeting of that year of said district meeting; and in the event that the moderator who
29 should preside at any regular or special meeting of said district is absent from said meeting, a
30 moderator shall be elected by a majority vote of said meeting, and in such absence of the
31 moderator the meeting shall be called to order by the chairperson of the said regional school
32 district committee; and in no event shall the chairperson of said regional school district committee
33 or any member thereof be elected as moderator; and the clerk of the meeting shall be the clerk of
34 the said committee.

1 (4) A majority vote of all the voters present at the regional school district meeting and
2 qualified to vote shall be required for the adoption of the annual regional school budget.

3 (5) A quorum for the regional school district meeting, for either regular or special
4 meetings shall be seventy-five (75) qualified voters, and such quorums shall consist of not less
5 than twenty-five (25) qualified voters from each member town.

6 (6) No action shall be taken with respect to the purchase of land, the construction of
7 buildings and the extension of the scope of functions of the regional school district except upon a
8 majority vote of voters of the respective member towns as set forth in section 1 hereof.

9 Nothing in the act shall prohibit a member town from floating bonds for school
10 construction purposes and leasing those facilities to the district. The financial responsibility for
11 retiring these construction bonds will rest with the individual town performing the construction.

12 (7) All regional school district meetings shall be called and warned by written noticed
13 signed by the clerk and chairperson of the regional school district committee notifying the
14 qualified electors of said district of the time and place of said meeting and the business proposed
15 to be transacted thereat, which said notices shall be posted up by the town sergeant, or any
16 constable of any member town in three (3) or more public places within said district, at least one
17 (1) of which must be in each member town, and published in a newspaper of general circulation
18 published within the state, all at least seven (7) days before the date of such meeting.

19 (8) The regional school district meeting on the recommendation of the regional school
20 committee for the said district by a majority vote of the voters present and qualified to vote may
21 direct the regional school committee to dispose of real or personal property having a value of
22 twenty-thousand dollars (\$20,000) or more on such terms or conditions as the meeting may
23 determine are in the best interests of the district.

24 Sec. 10. (1)(a) There shall be a regional school committee for said district consisting of
25 eleven (11) members, each member town shall be represented on the committee in direct
26 proportion to its population as determined by the most recent population census figures. The total
27 population of the district shall then be divided by eleven (11) and the resulting quotients thus
28 obtained shall be used as the basis for determining the proportionate representation of each said
29 member town on said committee, and realizing that the mathematical divisions of said formula
30 will not obtain absolute evenness, fractions of .5 or more shall be construed as 1 point and
31 fractions less than .5 shall be construed as 0. Subject to limitations aforesaid, the members of said
32 committee from each of the member towns to be elected or appointed for terms hereinafter set
33 forth shall be determined as of the time of each bi-annual election and each of the said member
34 towns, based upon the census aforesaid. The first such regional school committee shall be elected

1 in the general election in November, 1988. In the general election 1988 each town electing three
2 (3) members of the school committee shall elect two (2) members to serve a term of four (4) years
3 and one (1) member to serve a term of two (2) years. A town electing more than three (3)
4 representatives shall elect three (3) members for a term of two (2) years and additional members
5 for a term of four (4) years. Thereafter members shall be elected for a term of four (4) years. Until
6 such time as those elected in that election shall be certified and qualified, the existing Chariho
7 Regional High School District Committee shall serve as the Regional School Committee. In the
8 event of any vacancy by death, resignation or incapacity to serve of any term of any member of
9 said regional school district committee, the town council of the member town in which such
10 vacancy occurs shall fill such vacancy by election by a majority vote of the town council of said
11 town for the unexpired term of the member whose office is thus vacated.

12 (1)(b) Since the United States Census bureau of the census conducts on a decennial basis
13 and in view of the fact that any of the Chariho towns may incur rapid shifts in population which
14 could effect the composition of the Chariho school committee, there may be an agreement among
15 the town councils to provide for a census on a five (5) year basis beginning in 1995. A census of
16 the towns taken in 1987 will be used as the basis for school committee composition until the 1990
17 United States bureau of census data is provided. The cost of the 1987 census will be borne by
18 each town in proportion to its population. Any town objecting to the use of the United States
19 census material may require the making of an actual census in time for the first general election
20 after 1995. The cost of such a census shall be borne equally by the three (3) towns and shall not
21 constitute a reimbursable education expense; provided further that in the event that such an actual
22 census does not result in a count materially different from the numbers contained in material
23 compiled by the United States bureau of the census, then the cost of the actual census, shall be
24 borne by the town or towns objecting to the use of such bureau of the census material.

25 (2) Within ten (10) days after the election and certification of the members of the regional
26 school district committee, said regional school district committee shall meet and organize by
27 selecting one (1) of their number to be chairperson of said committee. The chairperson chosen at
28 the first organized meeting shall serve in such office until the first meeting of said committee
29 following the qualification of new members elected to the regional school district committee at
30 the general election of 1988. At such first meeting of the said committee following the election
31 and qualification of new members, the committee shall elect a chairperson and elect such other
32 officers and are herein or hereafter authorized and each two (2) years thereafter at such first
33 meeting following a general election at which school committee members are elected, the
34 regional school district committee shall organize and elect or appoint such officers. A person may

1 not succeed himself/herself in the office of chairperson unless no other member of the committee
2 is willing to serve as chairperson and at such organizational meetings the chairmanship shall first
3 be offered to a committee member from a town other than the town one of the members of which
4 last served as chairperson in an order of rotation to be agreed upon at the first organization
5 meeting of the said committee which shall provide that each member town shall have the
6 opportunity of having one of its members serve as chairperson in a fixed order of selection. In the
7 event that no member from one of the member towns which is entitled to the chairmanship at an
8 organization meeting is willing to serve as chairperson, this election shall pass to the next such
9 member town so entitled under said agreement and so on until a chairperson is selected who is
10 going to serve. The said committee shall also appoint a clerk and a treasurer of said committee
11 who shall also be a clerk and treasurer of the said district and the district meetings and the said
12 clerk and treasurer may be the same individual and need not be a member of members of said
13 committee.

14 (3) Said regional school committee shall have all the powers and duties conferred by law
15 in this state upon school committees of towns, generally, including but not limited to the
16 following:

17 (a) To apply for and receive, accept and use any town, state or federal funds or assistance,
18 or both, as may be provided, whether in the form of a grant or a loan or both, including
19 specifically such funds or assistance from state or federal sources as the member towns would
20 otherwise be entitled to apply for and receive from such sources in the event that the said regional
21 school district did not exist but to the use of which such member towns might be individually
22 excluded by reason of the existence of said district.

23 (b) To publish an annual report thirty (30) days prior to the annual district meeting
24 containing a detailed financial statement showing the total receipts and expenditures of the period
25 covered by the report together with such additional material and information relating to the
26 maintenance and operating of the school or schools as may be deemed necessary by the regional
27 school committee.

28 (c) To receive and disburse funds for any regional school district purpose.

29 (d) To engage legal counsel.

30 (e) To engage and employ a superintendent of schools for the regional school district,
31 who may also be a principal or a regional school or schools, on a contractual basis for either a
32 definite or indefinite term as the regional high school committee shall determine. The person so
33 employed shall have all the powers and duties imposed upon a superintendent of schools by law.

34 (f) Said committee shall annually cause an audit to be made of the accounts of said

1 district, and on completion of each audit a report thereof shall be made to the members of said
2 committee and a copy thereof shall be submitted to the next regional school district meeting.

3 (g) Compensation for members of the said committee and/or clerk and treasurer thereof
4 shall be determined at and by the regional school district meeting as a part of the consideration
5 and action taken at said meeting in respect to operating costs and expenses of the said district.

6 (h) The regional school district treasurer shall furnish surety bond in an amount to be
7 determined annually by the said committee. The expense of said bond shall be chargeable to the
8 said district.

9 (i) Said regional school district committee may dispose of any item (or group of items) of
10 personal property with a fair market value (in the aggregate, if a group of items) of five thousand
11 dollars (\$5,000) or less, on such terms as the committee deems appropriate in its sole discretion.
12 Any item, or group of items, of personal property of the regional school district with a fair market
13 value of more than five thousand dollars (\$5,000), but less than twenty thousand dollars
14 (\$20,000) (in the aggregate, if a group of items), may be disposed of by the said committee on
15 such terms as the committee deems appropriate in its sole discretion, by offering such property
16 for sale by competitive bidding. Any property of the regional school district with a fair market
17 value equal to or greater than twenty thousand dollars (\$20,000) may be disposed of only upon a
18 vote of a regional district meeting as set forth in Sec. 9(8).

19 SECTION 2. The question of the approval of this Act shall be submitted to the electors of
20 the towns of Charlestown, Richmond and Hopkinton qualified to vote on any proposition to
21 impose a tax or for the expenditure of money at the general election in 2006. The question shall
22 be submitted in substantially the following form:

23 "Shall the act passed by the general assembly at its January 2006 session entitled "AN

33 The warning for said election shall contain the question to be submitted. From the date
34 the election is warned until it is held, it shall be the duty of the town clerks of the respective

1 towns of Hopkinton, Charlestown and Richmond to keep a copy of the act available at their
2 offices for public inspection, but any failure of any clerk to perform this duty shall not affect the
3 validity of the election.

4 SECTION 3. This section and section 2 of this act shall take effect upon passage of this
