

BRISTOL HISTORIC DISTRICT

The Bristol Historic District Commission was established in 1987 to safeguard and preserve buildings in the district which reflect elements of the Town's cultural, social, economic, political and architectural history. The BHDC reviews all proposed work affecting the exterior appearance of any structure, site or its appurtenances, including construction, alteration, repair, moving, demolition and signage within the historic district. A "Certificate of Appropriateness" is required before commencing with any exterior work on properties within the historic district or to an individually listed property. Building permits for exterior work in the local historic district cannot be issued without a "Certificate of Appropriateness."

Currently Listed Properties Under the
Historic District Commission
